Quality Learning Quality Futures

Friday September 7th, 2018

Dear Parent/Caregiver,

This letter is to advise you that students are currently receiving the information to select their subjects for next year at PGHS.

Our parents and caregivers are an extremely important part of this process, and so this year we have designed a process that will invite you to engage with your child as they select their subjects.

Students can access curriculum details at the website:

www.selectmysubjects.com.au

This will also be the site used to select subjects. After students have selected their subjects, they should print off a receipt and get your signed permission for their subject selections. This can be done at school or at home.

Home Group teachers will collect these receipts and submit to the Assistant Principal in charge of subject selection.

If your child has not met the pre-requisites for a subject they would like to undertake, they can make an appointment with Ms Cannon through the following link:

<https://tinyurl.com/yc9dzbzq>

...on their Google Chromebooks. There is a process students may use to over-ride these permissions, provided the Area of Study coordinator approves this enrolment.

While not compulsory, parents are invited to attend at this appointment time, inside or outside of school hours.

If you would like any further information regarding subject selections, please contact the school on 8258 9855.

Yours sincerely,

Mike George
Principal
