

Google Classroom email summaries for Guardians

We deeply value our partnership with you to ensure your child achieves the best educational outcomes. Our move to Chromebooks for all students has meant that much of our students' assessments are created within Google Classrooms. We are pleased to announce that all parents/caregivers are now able to access a direct email report of their child's Google Classroom activity on a daily or weekly basis. These include:

- **Missing work** Work that's late at the time the email was sent
- **Upcoming work** Work that's due on the day or the following day (for daily emails) or work that's due in the upcoming week (for weekly emails)
- **Class activity** Announcements, assignments, and questions recently posted by teachers

If you would like to receive this information, you will need to accept an email invitation that will be sent to the email account you have registered with the school. Once you receive the email, there is a 120 days acceptance expiration date.

1. You'll need to open your email invitation.
2. Click 'Accept'. If you're not the guardian, click *I'm not the guardian*.

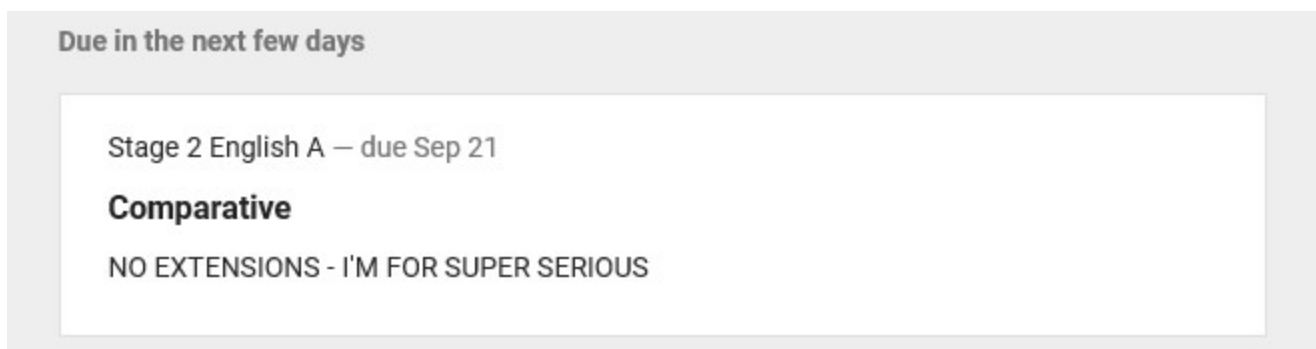

Note - You can choose the frequency of the emails; daily or weekly.

You can unsubscribe or remove yourself from the Classroom at any time.

We believe this access will improve the parent-teacher partnership and support students in achieving improved learning outcomes.

Announcement

If you enjoy working with or knowing more about high performance engines, exhausts, making cars look perfect, big machines and the latest technology, try a trade at the MTA's Interactive Careers Day. See attached flyer for details

If you are interested in attending this event please come and see Mr. Ganiaris in A10.
