

STUDENTS ICT SUPPORT PORTAL

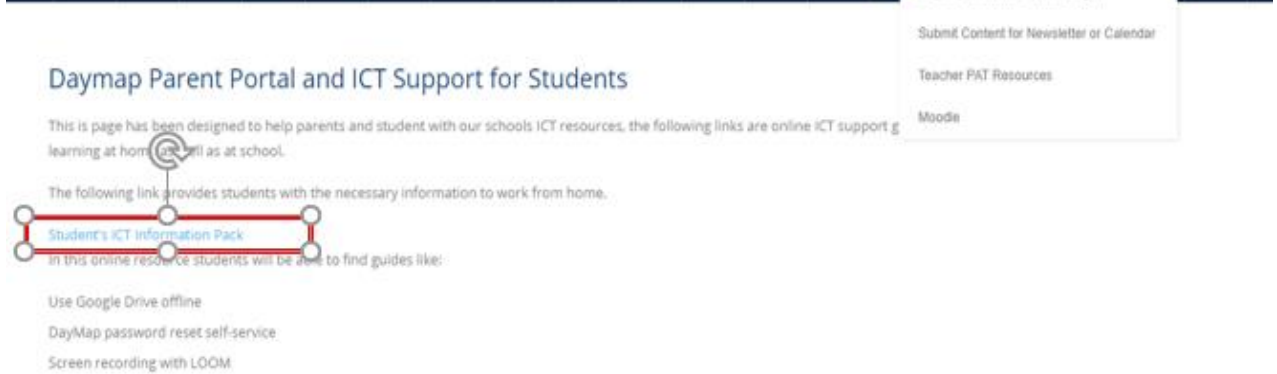

Students and families will be supported in accessing our online system regardless of circumstances. If students have trouble engaging with any of the work set in their programs because they struggle to access their ICTs, they can seek support using our Student ICT Support Portal.

We have a **STUDENT ICT SUPPORT PORTAL** on the PGHS website. This resource has step-by-step guides for families and students to access our online learning systems. To access the ICT Support Portal:

1. Open www.pghs.sa.edu.au on your computer.
2. Select **ICT Platforms > Parent Portal and ICT Support for Students**

3. Click on Students ICTs Information Pack

This system requires you to login.

Students should use their school based details (firstname.lastname@pghs.sa.edu.au)

Students and families will then have access to the following resources:

Students ICTs systems pack

Planning Item/Document	User Guides	Video demonstration	Completed
General ICT information for Staff			
Chromebooks - Laptops for Learning Program	Chromebook Agreement		<input checked="" type="checkbox"/>
ICT Special Provision Policy	ICT Special Provision Policy		<input checked="" type="checkbox"/>
Chromebook Incident/repair form	Chromebook Incident/repair form		<input checked="" type="checkbox"/>
DayMap Password reset	Students will only be able to access Daymap by changing their default passwords (StudentID). Students can access the system by clicking the "PGHS Bookmarks" folder located top left of their Chrome browser and selecting the "DayMap password reset" option.	DayMap Password reset demonstration	<input checked="" type="checkbox"/>
Cyber safety Agreement	Students Cyber Safety Agreement		<input checked="" type="checkbox"/>
Recording your screen with LOOM		Recording with LOOM	<input checked="" type="checkbox"/>
